

Important Announcement to our Coalition Members

***From Donna C. Kitchen, Coalition Sponsor and
Elaine R. Yancey, Coalition Advisor***

We are pleased to announce the addition of a new member to the BSA Coalition Board. Daniel D. Soto, CAMS, Executive Compliance Director and BSA Officer of GMAC, Inc. has agreed to serve on the Coalition Board.

Soto's current responsibilities include overseeing GMAC's enterprise anti-money laundering compliance activities as well as other general compliance matters. Prior to joining GMAC, Soto held several executive compliance related roles at Wachovia, RBC and Bank of America during which time he handled various aspects of their global anti-money laundering programs.

Soto's prior experience also includes work as an examiner with the FDIC and the Federal Reserve Bank where he assisted in developing the Fed's anti-money laundering compliance examination procedures.

We are extremely fortunate to have someone of Dan's experience join the Coalition Board. Since its inception in 2008, the BSA Coalition has continued to develop its infrastructure in an effort to provide BSA/AML resources to support its membership. Dan is a valuable addition and we are certain he will strengthen the reach of the Coalition Network as we continue to serve our mission.
